

PUMP OUT FEATURES:

- Non-flammable liquid recovery only.
- Tanks are constructed of non-corrosive and dent proof polyethylene and are designed for years of dependable service.
- The vacuum is equipped with an automatic pump out system which eliminates the need for lifting the tank while draining. 390 will pump out to areas above tank level including, windows and high sinks.
- An all steel construction lid assembly with 6 lid latches insures no leakage while pump feature is activated.
- Tangential discharge vacuum motor is designed to withstand moisture, thus extending the life of the motor.
- Cast aluminum valve assembly requires fewer components and ensures faster and more reliable liquid discharge.
- Self-sealing intake ensures a positive vacuum seal while allowing hose to swivel. A 10' crush proof hose is included.
- Equipped with an automatic float shut-off which shuts off air flow to eliminate tank overflow.
- A specially designed down tube with neoprene closure allows 99% tank drainage.

SPECIFICATIONS:

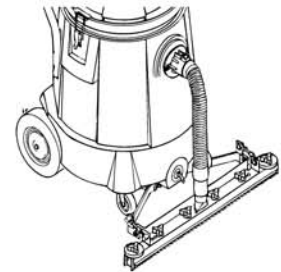

MODEL	C39175-05	C39175-06
TANK SIZE	15 gal./57 ltr	20 gal./76 ltr
POWER	1.75 hp/1.3 kw	1.75 hp/1.3 kw
WET CAPACITY	12 gal./45 ltr	17 gal./64 ltr
AIR FLOW (CFM)	95	95
STATIC LIFT	85"/2160 mm	85"/2160 mm
DECIBEL RATING	78	78
CASTERS - Front	3"/8 cm	3"/8 cm
WHEELS - Rear	8"/20 cm	8"/20 cm
CORD	50'/15 m	50'/15 m
WEIGHT	74 lbs/33 kg	76 lbs/ 35 kg

APPLICATIONS:

- Flooding
- Large floor stripping operations
- Self-emptying into easy access areas:
 - * Toilet bowls * Small floor drains * Waist high sinks

WIDE AREA SQUEEGEE CLEANER

Wide Area Squeegee provides the most efficient method for picking up liquids from large floor areas. Available in two squeegee widths - 27-1/2" and 33-1/2" and feature several optional squeegee blades for various floor types. The squeegee system pivots with any floor surface and allows the vacuum to be operated in both forward and reverse directions.
